

## PARTNERING BY DESIGN™ FACILITATED ONLINE COURSE

Partnering is not easy and getting results requires more  
than good intentions.

Don't leave your partnering to chance. This comprehensive 5-week Facilitated Online Course will teach you how to partner and give you the skills you need to do it effectively and get results. Whether you are partnering externally or internally, this course provides an in-depth view of the knowledge and tools you need to maximise value from your partnering.

### LEARN HOW TO

- Find the right partners and get started
- Build and maintain strong relationships
- Navigate your way through the partnering process
- Resolve conflicts when they arise
- Partner faster and with less cost
- End a partnership and move on

### What people are saying

*"Loving the tools and concepts that we are being provided"*

*"I feel like I'm coming at the whole question of partnering from a more informed position"*

*"Partnering is whole lot more involved than I first thought"*

*"Easy step by step formula to help guide you through the process of partnering"*

## Merging online courses with online facilitation to maximise your knowledge and skill development.
